PC&IM POLICY ALERT
No. 01-04/Rev. 001
North American Industry Classification Systems (NAICS)
and
NAICS Code List for TMA Contracts

REFERENCE: **Federal Register:** **December 18, 2001** (Vol. 64, No. 243)
 FAC: **2001-02, Item VII**
 Case Number: **2000-604**

TYPE OF ACTION: **Final Rule**

EFFECTIVE DATE: **18 December 2001**

SUMMARY: This rule amends FAR to convert size standards from the Standard Industrial Classification (SIC) system to the North American Industry Classification System (NAICS). NAICS is a new system that classifies business concerns according to how they conduct their economic activity. These new size standards became effective on October 1, 2000. This change requires agencies to report actions using the NAICS code rather than the SIC code in Block B12D of the DD Form 350, Individual Contracting Action Report.

ACTION REQUIRED: When preparing a DD Form 350 for an action effective on or after 1 October 2000, use the attached list of NAICS codes for TMA active contracts. The Director,

Contract Management has approved the use of these codes. For further information on the NAICS, you can review the attached e-mail dated 12/1/00 from Jackie Noe and/or access <http://www.census.gov/epcd/www/naics.html>. **You can obtain the small business (industry) size standards matched to the NAICS codes from the SBA's website at <http://www.sba.gov/size>.**

Please contact Nancy Olander or Kristine Hostetler to obtain a NAICS code for:

- 1) contracts in the closeout process which require a DD Form 350
- 2) any new acquisition
- 3) an active contract not on this list

Craig Powell will be updating the COMPRIZON vendor database to include the new NAICS codes.
